

4S + R DESIGN PHILOSOPHY

- **STABLE**
 - ★ Core Circuit adopted Advanced DSP Solutions
 - ★ Modular Design
 - ★ Stable Input Power and Robust Overload Capability
 - ★ Extreme Environmental Test
 - ★ Effective Fault and Failure Simulation Test
- **SMART**
 - ★ Intelligent Real-time Monitoring System
 - ★ Intelligent Battery Performance Management
 - ★ Intelligent Fault Diagnosis
 - ★ Intelligent Digital Control (Full DSP Control)
- **SIMPLE**
 - ★ Modular design, easy installation and maintenance
 - ★ Distinctive Integrated Solutions
 - ★ Friendly User Interface
- **SAVING**
 - ★ Ultra-high efficiency, ECO Mode
 - ★ High Input Power Factor, ≥ 0.99
 - ★ Active PFC, Low Input Current Harmonic
- **RELIABLE**
 - ★ Extreme Experimental Environment, High Reliability
 - ★ Redundancy Design
 - ★ Independent Cooling System
 - ★ Extensive Self-protection Functions

About Us

- Density Power's team offers high reliability, high efficiency, high performance UPS, EPS, SHORE POWER, and INVERTERS power products and solutions for a variety of markets including Petro, Chemical, Metallurgy, Grid Power, Nuclear Power, Industrial Automation, Railway Transportation, Ship, Military, Medical, IDC, Telecom, Harbor and Dock, etc.

- By leveraging our extensive standard product and leading-edge technology, we also offer modified and customized solutions. The engineering team typically have at least 10 years of design experience, provide you an optimized power solution to meet your specific requirement, and reduce your time-to-market, risk and costs.
- Please contact us for professional and value-added customized design and service.

UPS/EPS/SHORE POWER/BI-DIRECTION AC/DC PRODUCT LIST (Typical)																								
Type	Input Type	Input Voltage Range	Input Voltage Range	Output Type	Output Voltage	Series Name	3	6	10	15	20	30	40	60	80	100	120	160	200	250	300	400	500	600
3Ph+N/3Ph OUT UPS 10K-600kVA	3 Phases	380/400/415	285-498	3 Phases	380/400/415	UT6000																		
3Ph+N/3Ph OUT UPS 10K-80kVA	3 Phases	380/400/415	285-498	3 Phases	380/400/415	UT6000-G																		
3Ph+N/1P OUT UPS 10K-80kVA	3 Phases	380/400/415	285-498	Single Phase	220/230/240	UT3000																		
Single Phase UPS 6K-10kVA	Single Phase	220/230/240	105-275	Single Phase	220/230/240	US2000																		
Single Phase UPS (Rack Type)	Single Phase	220/230/240	110-310	Single Phase	220/230/240	UH2000																		
EPS 10W-400W	3 Phases	380/400/415	288-498	3 Phases	380/400/415	EE6000																		
Shore Power 120K-600kVA	3 Phases	380/400/415	285-498	3 Phases	440-480	HF6000																		
Bi-Direction AC/DC 10K-600kW	3 Phases	380/400/415	285-498	DC	70-600	DT6000
